Attorney Docket No. 6556.0003-04000

In this dispute, the defendant has alleged, inter alia, that the '107 patent is invalid under 35 U.S.C. §§ 101, 102, 103, 112, without specifically identifying any basis for those allegations. See the Defendant's Answer to Plaintiff's Amended Complaint, attached as Exhibit C. Some discovery has been conducted but the defendant has cited no references other than those listed on the face of the '107 patent, as seen in Defendant's Supplemental Responses to Plaintiff's Interrogatories, attached as Exhibit D.

The defendant initially alleged that the '107 patent is unenforceable due to an intentional failure to disclose pertinent information to the U.S. Patent & Trademark Office during the prosecution of the '941 application and patent misuse. However, the defendant withdrew those allegations in their Amended Answer to Plaintiff's Amended Complaint, attached as Exhibit E.

Applicant will continue to keep the PTO informed of further developments in this related litigation.
